## **Commercial Controller (NSF/ANSI 50 Certified) Warranty For Models: M920 Series, M820, M790, M770**

### **IPS Commercial Chemical Controllers - Electronics**

IPS Controllers warrants the Commercial Controller electronics to be free of defects in materials and workmanship for a period of five (5) years from the date of installation. This warranty is limited to the repair or replacement of defective components (at our discretion) when returned to the factory within the five (5) year warranty period.

### **Other Components**

IPS Controllers warrants all other components including pH & ORP probes, flow cells and flow switches for a period of one (1) year from the date of installation. This warranty is limited to the repair or replacement of defective components (at our discretion) when returned to the factory within the one (1) year warranty period.

### **Limitation of Liability**

This Limited Warranty excludes liability for any damage during transportation, consequential damages of any kind, damages due to improper installation or improper operation, improper handling of chemicals, and the use of this product in applications for which it was not designed.

### **Claims**

All warranty claims should be directed to IPS Controllers at the contact point listed below. After receiving a Returned Merchandise Authorization (RMA) number, all product must be returned (shipping prepaid) to the factory for evaluation.

Factory address for returns (with RMA number):
